DETAILED ACTION

Claims 1-7 are pending in the application.

Priority

Acknowledgment is made of applicant's claim for foreign priority under 35 U.S.C. 119(a)-(d).

Allowed Claims

Claims 1-7 are allowable over the prior art of record.

Reason For Allowance

The following is an examiner's statement of reasons for allowance: Applicants' claim a method for producing an adamantyl acrylate compound comprising a first step of reacting a 2-adamantanone compound with an alkyl halide in the presence of lithium metal; and a second step of further continuing the reaction after adding an acrylic ester compound into a reaction system to yield the adamantyl acrylate compound; wherein all the other variables are as defined in the claims. This process was neither found to be obvious nor anticipated by the prior art of record.

The closest prior art is Kikukawa et al., (JP 200312579). Kikukawa et al. teach a process for preparing adamantyl acrylate compound comprising a first step of reacting a adamantanone compound with an alkyl bromide in the presence of lithium metal followed by the reaction with methacryloyl chloride to yield the adamantyl acrylate compound.

Kikukawa et al. process differs from the instantly claimed process in that applicants' claim a process that employs transesterification of an acrylic ester while

Kikukawa et al. teach a process that employs acylation of adamantly alcoholate with acid halide. These two processes are distinct in organic synthesis, and these differences are not readily apparent and would not have been suggested to one of ordinary skill.

A search of the prior art failed to uncover any reference that teaches or motivates one of ordinary skill to disclose the presently claimed a process for producing adamantly acrylate compound as claimed by applicants.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance".
